"What has the friendship - association with
Shri Atthaygi ment to me"

An association spanning more than four
decades -

an association that helped in developing
a more humane, conscious, collaborative management
system, which remains relevant decade after decade,
under changing political, social and economic
conditions.

Which is relevant in various cultural
settings

Be it in Bombay, Bhavnagar, Bait kutch
Even relevant under disaster situation
and for stable sustainable future.
